

REPUBBLICA DI SAN MARINO

Queste sono le pagine dell'album dei francobolli di San Marino dal 1877 al 1924. Sono 8 pagine compresa questa introduzione.

Per la stampa con Acrobat Reader spunto solo l'opzione "expand small pages to paper size". Naturalmente il formato pagina della stampante è A4.

La numerazione indicata è quella del catalogo Sassone.

Lo spazio che ho riservato al francobollo è di circa 3mm in più in larghezza e 4 mm in più in altezza. Questo per permettere, a chi lo volesse, di attaccare le taschine adesive porta-francobolli. Personalmente uso le strisce adesive nere che poi taglio a misura.

Nel caso riscontriate problemi, errori od omissioni siete pregati di comunicarmelo tramite e-mail al seguente indirizzo: alessandro963@yahoo.it.

A richiesta potrei anche tradurre le pagine in inglese.

Per chi lo volesse sono disponibili anche le pagine con la Posta Aerea, Espressi, ecc...
Le ho create di due tipi: il primo sostituisce e integra le pagine normali e come numerazione sono identificate da un numero ed una lettera (es. 1a, 1b, ecc...), il secondo ha i francobolli separati e sono identificate da una abbreviazione e da un numero (es. PA1, PA2, E1, ecc...).

Queste pagine sono naturalmente gratuite e distribuibili senza alcun limite, l'importante è però non apportare alcuna variazione. Se le ritenete valide e volete aiutarmi per lo sforzo potete eventualmente inviarmi qualche vostro francobollo doppione, naturalmente della Repubblica di San Marino, nuovo od usato al seguente indirizzo: Alessandro Grossi – Via Gerolamo Belloni, 20 – 00191 – Roma - Italia.

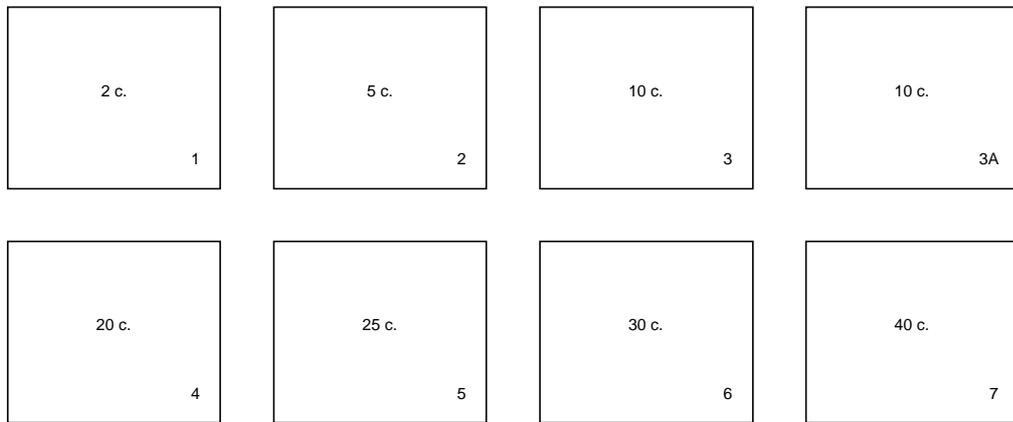

Sul mio sito trovate anche la mia mancolista.

Saluti e buona raccolta.

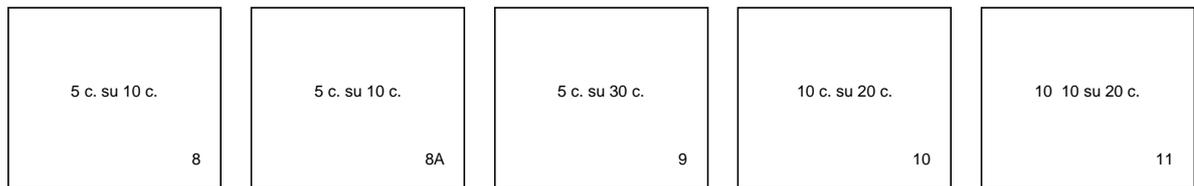

Alessandro Grossi
